DR. WEAVER'S CANKER and SALT RHEUM SYRUP, CANKER CURE and CERATE. warranted a perfect cure for Cancer, Salt Rheum, Erysipelas, Scrofulous Humors, Liver Complaint, and all diseases arising from an impure state of the Blood. These Medicines are the secretaries of a regularly educated physician.

THE SYRUP.

In an article which is printed and circulated in the original form as a **CANCER HUMOR MEDICINE**, it is entirely different from any preparation of Saraparilla, Bock, or any other compound ever made, and for Humans is far better than any of them. For the above-named diseases it is a positive specific—a falling and failing tonic.

They have now been tested in more than 500,000 cases, embracing persons of both sexes, old and young, in life and in death, and there has not been the first instance where they have not done the work just as it was stated they would do.

Their name is sounding in every city, village, town and hamlet in this western read country; and those who have used them will tell you that all are agreed, that never was equal to them for curing these diseases, especially humors.

It so acts upon the system, through the circulation, that it throws all impurities of humors that are there, out of the system, and it is the only channel through which the system can ever be free from them. When they are out, then, there are to be met by the CERATE, which will then cure them, and keep them in perfect condition, so that they may be perfectly cured.

The Syrup does not like many other Medicines, destroy the humor, but it removes and entirely cures the blood, and effects life-lasting cures.

The CERATE is the best known of all the tonics, as the stomach is liable to some internal organ, often to the Lungs, causing cough and consumption, or to the bowels, causing disease and irritation, in fact, producing destruction and death, and it is the only one that can make a man live, and yet terminally terminate finally.

MORE THAN 100,000 CASES OF HEMORRHOIDS. In all their many and varied forms, have been treated and cured by this Great Human Medicine. We defy the production of their like.

THE LEAST 50,000 SALT RHEUM.

Patients have used the Syrup together with the Cerate, and many of old and inveterate cases which had resisted all other modes of treatment, have been cured, some with but one bottle of the Syrup and a box of the Cerate. They will never fail in the form of humors. We say they are positive cures. Look in **DR. WEAVER'S Guide to Health** and see the best proof.

ERYPSIPELAS.

Patients, who have suffered from this disease for years, and whose cases have been hopeless, and for whom no doctor, nor surgeon, nor by all kinds of doctors, who have pronounced them incurable, have, by using the Syrup and Cerate a short time, been raised from despair and perfectly restored to health.

ALL SCHROFOLUS HUMORS.

The same can be said of the above. The Syrup, for them, has no equal in Saraparilla, nor anything else. All persons will find fits set on again notwithstanding certain

Feminine Weaknesses and Irritation—such as are caused by the action of the female organs, and of suffering than the irregular action of the female functions. Hundreds of females who have been prostrated and rendered miserable for years, by dyspepsia, action of these organs, and by a number of feet of the Syrup, have been restored to health, and relieved the irritation in these organs, invades the nervous system, and throws off mortal, dead and effervescent matter, restores health, strength and vigor, and enables Nature to assume her natural position.

Its action is constant and never failing.

Persons who have used it for these diseases, say that they have never found the equal.

NURSING SOME MOUTH.

The Syrup, together with the Cerate, is the drug of most mothers, for there is now a reliable remedy.

The Syrup, together with the Canker Cure, will at once most effectively and permanently cure this disease. Thousands have and are using it, and it is the only one that never disappoints the expectant mother in a single instance. It is what has long been sought for these afflictions.

SONGSON OF COMPLAINTS.

Are we not in the glories of the flesh, every part of human system. Not a single organ that does not feel the effects of these poisons, and by their reaction upon each other, effectually prevent all the other organs from doing their duty? In the case of the mouth, the Syrup is for this. Instances where the system had been vitiated for years, and had resisted all other modes of treatment, have, by the use of the Syrup, been perfectly freed from them, and permanently cured.

The effect of the Syrup is to restore the glands to health.

DEAFNESS CURED! A WONDERFUL CURE!

After a deafness of twenty three years standing, I was cured in six weeks by Dr. Roback, and I can now, although sixty-one years old, hear as well as ever in my life. At different times during my twenty years' deafness, I have consulted half-a-dozen physicians, all of whom told me that nothing could be done that the drums of my ears were gone, and that there was no relief to be had. To Dr. Roback, I determined to call on him, and, having done so, he gave me a little letter, and said, "I can tell you a little better, and make some of the trouble go away." He did, through the scientific computations of this great doctor. All my friends were astonished at this unprecedented result. I am extremely grateful to Dr. Roback, and shall remember him with the highest regard, and will, when I die, be buried at the spot where he cured me. I leave to all my friends the task of being skeptical, and invite them to call on me at my residence in Guy-st., opposite the railroad, Manayunk, Pa.

CATHARINE A. YEKEY.

Commonwealth of Pennsylvania, City of Philadelphia—It is well remembered, that on this second day of November, Anna Donini, a widow, of 30 years of age, of the Catholic religion, of this city, personally swam across the Schuylkill River, to the late firm of R. & J. FERRINE, who will be adjured by me, and all persons engaged in my business with said late firm, are required to settle the same with me. All payments on account of the same must be made to myself. ROBERT PERKINS.

PLIES.—For the cure of Piles DE GRAFFE'S Pile Remedy.

Some cases of piles have been healed in a very few cases, and I will not disappoint any one who uses it according to directions, and they are not difficult. The other is, because it is an external application, prepared in the form of ointment, which makes the use of it far more pleasant than any other.

Three cases, after calling on him, I leave him a little letter, and make some of the trouble go away.
